

04. Health procedures

04.06 Oral health

The setting provides care for children and promotes health through promoting oral health and hygiene, encouraging healthy eating, healthy snacks and tooth brushing.

- All children are required to bring a full water bottle daily which they have access to at all times.
- Weak squash may be served to avoid dehydration, especially during periods of hot weather..
- In partnership with parents, babies are introduced to an open free-flowing cup at 6 months and from 12 months are discouraged from using a bottle.
- Only water and milk are served with morning and afternoon snacks.
- Children are offered healthy nutritious snacks with no added sugar.
- Parents are discouraged from sending in confectionary as a snack or treat.
- Staff follow the Infant & Toddler Forum's Ten Steps for Healthy Toddlers.

Pacifiers/dummies

- Parents are *advised* to stop using dummies/pacifiers once their child is 12 months old.
- Dummies that are damaged are disposed of and parents are told that this has happened
